## Evening Division Established by Club

A new department has been established by the Woman's Club of Arcadia, its efforts to be devoted to a program in behalf of children and youth.

The Children and Youth Department will be an evening division, attracting club members who are unable to attend daytime meetings.

Interested members and prospective Woman's Club members are invited to attend the first regular meeting on October 17, 8 p.m., at the club. Regular meetings will be held in the clubhouse the third Monday evening of each month.

Elected chairman at the organization meeting was Mrs. John O. Hontos, a recent past president of the Arcadia Junior Woman's Club.

Mrs. Hontos' club work in the past has given her broad experience with the Verdugo-Metropolitan District Junior and General Federation of Woman's Clubs, as well as with the Junior Club which she has served as ways and means chairman and build-a-better-community chairman.

Other officers elected are Mrs. Douglas Schinke, program chairman; Mrs. Frederick Adams, secretary; Mrs. Raymond Wronka, treasurer, and Mrs. Henry Sarwine, hospitality chairman.

... plans for year ahead

## Woman's Club President Has Active Life

For a woman who changed her home city 11 times before she was married, and 11 times after her marriage — and kept civically active in each place — you would think settling in one spot for 13 years meant slowing down at last.

Not for Mrs. William Greenway. Her active pace has diminished not one whit, and she conducted her first meeting as president of the Woman's Club of Arcadia last Wednesday.

The Greenways' son Bill pitched the first inning of Little League Baseball played in Arcadia, and the first baseball, thrown out by Mayor Dow, is still in Bill's trophy collection, bearing the autographs of all city fathers.

"We then felt that we had stayed somewhere long enough to make history," says Mrs. Greenway, "so nothing has been able to pry us away from Arcadia since."

first club championship golf tournament in Washington, D.C., served as handicap chairman and was on the District of Columbia golf handicap committee.

### Ardent Supporter

Mr. Greenway was second president of Little League; he coached and managed teams in it as well as in Pony and Colt Leagues, and "Mom" was an ardent supporter and observer, sometimes from the snack shack concession.

She has also been a den mother, teen dance chaperone, helped with PTA work, room mother, and actively supported Community Chest, United Way and Red Cross.

She is a member of Arcadians, Republican Woman's Club, Sierra Cotillion president, and was a charter member of Alpha Epsilon unit of National Association of Parliamentarians, serving both as treasurer and on the membership committee.

### Her Mother

Parliamentary law was an interest stimulated very early in life for the new club president. "My mother was chairman of the Parliamentary Law Department of a Woman's Club and many of the meetings were held in our home. In the eyes of my associates, this was perhaps the reason for my serving as chairman or president in many activities throughout my school life."

However, Mrs. Greenway explained, she had never been an active member of any philanthropic organization except the Woman's Club of Aurora, Illinois, for the few short months she lived there.

She and her husband both have been busy in church youth work and Boys Christian League of Arcadia. The latter was a struggling organization at the time they came, badly in need of money to survive, and they were successful in helping fulfill this need.

### Golf

Socially, they belonged to three private clubs and the entire family participates in golf matches for San Gabriel Country Club. Mrs. G. played in her

Bowled five

leagues simultaneously while living in Southern Illinois and placing in the State Bowling tournament. And they water ski. They have hunted a great deal, and recall the thrill of paddling silently across a lake to a blind before dawn and coming so close to the ducks they could reach out and almost hit them with the paddle.

### Pleasant Memories

One of the most pleasant sensations Mrs. Greenway remembers of those days is the sound of birds calling and squirrels chattering as day broke, while the autumn leaves floated silently down. And then there is the startling sensation of the pheasant getting up at one's feet with such a fanfare.

Mrs. Greenway was born in Chippewa Falls, Wisconsin, near Minneapolis and St. Paul. She met and married Mr. Greenway in Cedar Rapids, Iowa. They have since lived in Washington, D.C., where she became private secretary to three Washington representatives of heavy construction companies.

Mr. G. is now vice president and general manager of a Los Angeles firm. Son Bill, an engineering graduate of UCLA is with Rocketdyne at Edwards Air Base, and recently married, living in Lancaster. Son Jim was just graduated from Foothills Junior High where he was an honor roll student, won five letters in sports the past year, and was elected captain of both the football and baseball teams. Both boys play musical instruments and have been active in singing groups.

### A New Home

Topping off their busy lives, Mr. and Mrs. Greenway's latest love is square dancing, learning through the Arcadia Recreation Department program. "Square dancing is really the best relaxer of all, because one just can't think of anything else but follow the calls," said Mrs. Greenway.

The new Woman's Club president was installed by Verdugo District Diamond Jubilee president Mrs. William Adams. The colors of the General Federation were used for the installation and the Diamond Jubilee year was recognized by the inclusion of the two "Jewels of Western" in the installation ceremony.

## Chief of Police addresses club

ARCADIA—Woman's Club of Arcadia was the scene of a very moving ceremony at the last meeting.

Following the invocation given by Mrs. L. Leroy Blodgett, religious chairman, Mrs. Harry Russell recited the poem, "To Old Glory" for the members.

At this point Bud Garretson, commander of the American Legion Post presented to Mrs. Michael Erickson, citizenship chairman, and Mrs. William W. Greenway, president, the new flag, donated by one of the members of the club.

Upon presentation of the flag, Mrs. Greenway accepted in the name of the club with a gracious speech.

Then a meeting of the Verdugo District Fall Council was held on Oct. 17. The hostess club was the Twentieth Century Women's Club of Eagle Rock, and local members of the Woman's Club of Arcadia reported back to their fellow members at this meeting.

Mrs. John J. Doyle, chairman of management, finance, and consumer education reported that she had attended a two-hour session of a financial panel on "A Woman's Financial Future." The speakers were a panel of three: Robert Hansen, vice president of insurance and loan company of Arcadia, whose topic was "Future

Planning". H. W. Wammack Jr. C.L.U., Northwestern Mutual Life Insurance Company of Los Angeles, whose topic was "Insurance".

Wammack in addition to his talk also showed slides. The third member of the panel was Parker Dale, manager of Hayden Stone, Incorporated of Los Angeles, whose range of topic was "Securities and Investments". When the panel was finished they asked for and received many questions. Robert Hansen, acted as moderator as well as a speaker and member of the panel.

Mrs. Jayne A. Childrey, chairman of law observance and crime prevention reported on the afternoon speaker at the Fall Council. He was Sergeant Owen A. Booth of the Los Angeles County Sheriff's Training Bureau. Sgt. Booth's speech was entitled "Law Enforcement and its Needs".

Mrs. Eugene C. Rothenberger, first vice president and a member of the resolutions and revisions committee reported on the pros and cons of the Propositions coming up in the November election. "Proposition 1A is the first major revision of the California Constitution in almost 100 years, she said.

Proposition 5 is considered to be special interest legislation. Proposition 16 is the only initiative measure by the people to deal with the declaring of

state policy to prohibit obscene conduct and matter. In giving the report, Mrs. Rothenberger did not elaborate on any of the propositions, but stated that it was each voter's duty to study these measures thoroughly before voting, and she also stressed that everyone eligible to vote should make it their sole duty on Nov. 8.

Also in attendance from Arcadia was Mrs. Alby Foy, who is Verdugo District program chairman, and a member of the local club.

Guest speaker for the day was Chief of Police Robert Seares.

Chief Seares spoke to the group on "What Every Woman Should Know About Safety". Some of the more vital things that Chief Seares mentioned during his talk was that in 1965 there were 48,500 deaths and 4,100,000 injuries in the United States alone due to traffic accidents. The cost in human suffering and economic loss was incomprehensible, he said.

He added that there seems to be five reasons why traffic accidents occur: lack of competence, concentration, consideration, caution and compliance.

Broken down in the category of competence it should be noted that driving today is no cinch despite all the push button conveniences we have, there are 100,000,000 drivers on the road of all degrees of age, intelligence, emotional make up, and physical condition. The amount of horsepower our cars have, and the resulting stopping distances we are allowed all are factors that fall under the category of competence.

## Police Chief Sears Tells Rules for Safe Driving

(Editor's Note—"What Every Woman Should Know About Safety" was the topic of a talk given by Police Chief Robert Sears to members of the Woman's Club of Arcadia).

"There seems to be five reasons why traffic accidents occur, and these are lack of competence, concentration, consideration, caution and compliance. Broken down in the category of competence it should be noted that driving today is no cinch despite all the push button conveniences.

There are 100 million drivers on the road of all degrees of age, intelligence, emotional makeup and physical condition.

The amount of horsepower our cars have, and the resulting stopping distances we are allowed all are factors that fall under the category of competence.

The second thought that Chief Seares stressed was that under concentration many fail to realize that driving is full time job. We have many distractions, only a few being the radio, hi-fi, passengers and "thinking." Consideration can also cause accidents when we fail to observe the common rules of courtesy. Many people develop what is called "Motorman" when they get behind the wheel of a car, their personalities become completely changed.

Caution is defined differently from the way the average person thinks of it, such as, know your own car, understand its limitations, keeping in mind the observing of caution when you enter freeways and blind spots.

Learn to adjust to the conditions of the day, such as the weather, intensity of light, and amount of traffic. Learn to expect the worst from other drivers. Lack of caution is not a crime but it can be fatal.

Compliance seems like such a little word, but in essence it means that laws are intended to eliminate accidents, the police seek compliance—not tickets—but tickets seem to be a necessary evil."

Chief Seares finished his talk with a sixth C. How to avoid an accident. Remember that most accidents are caused by people who, in their driving show a lack of competence, concentration, consideration, caution, and compliance with traffic rules. We should be governed by the sixth C—be a defensive driver—be a Coward.

ist, concluded the program.

### SAUCE FOR THE BIRD

Whenever there is turkey, cranberries or cranberry sauce is usually lurking close by. For a change from plain or jellied sauce here is a variation for serving with the succulent meal when it is hot and then for spreading over those delectable later-on sandwiches. Combine equal amounts of dairy sour cream and mashed jellied cranberry sauce. Add cream style horseradish to your taste. Serve chilled as suggested above.

## Woman's Club Honors Juniors at Luncheon

At its first meeting of 1967, the Woman's Club of Arcadia had as honored guests, members of the Junior Women's Club with their president Mrs. Michael Strobel Jr.

The afternoon's program featured a talk by Mrs. Strobel on her club's activities; reports by club chairmen, and a talk by Dr. Frederick M. Judson, D.D., minister of Baptist Trinity Church of Santa Monica on "How to Live and Be Happy."

Introduced by Mrs. Ray Allen Young, Junior coordinator of the Woman's Club, Mrs. Strobel spoke of her group's accomplishments and future plans for the year. The most important of these is the January 31 Mothers March of Dimes.

Proceeds of the March are donated to the National Foundation for Research of Birth Defects. Mrs. Elsie White, health chairman of the Junior Club is serving as city chairman for the March. Mrs. Strobel and her husband were needed on the project and asked volunteers to call her at 446-0432, or Mrs. William Hadley, 446-0511.

### Reports

Mrs. Jayne A. Childrey, law enforcement and narcotics chairman of the Woman's Club, reported on a meeting she attended recently noting the increasing rate of car thefts. The Los Angeles Police Department has initiated a campaign to encourage the public to lock their cars. Fifty percent of the cars stolen, her report stated, have keys in the ignition.

The Police Department also recommends that articles left in a car be kept out of sight, as this also is of major temptation to the juvenile, and car thefts seem to be the major means by which juveniles enter the field of crime.

Mrs. Edward G. Frank, ways and means chairman, announced that a dessert bridge and silent auction would be held January 31 at the clubhouse, and that the public is invited to attend. Mrs. Charles Ganther, 447-2307, is in charge of ticket reservations.

Mrs. Frank also reminded members that the Federation stationery is still available. The sales will help defray costs of the planned General Federation of Women's Clubs convention to be held in San Francisco in June.

Mrs. Richard J. Nestler, federation secretary, reported on a survey which was requested by Verdugo Metropolitan District regarding nuisance telephone calls, i.e., where they come from, how often they occur, the types of nuisance and how much people are annoyed by them. Mrs. L. G. Vollintine, legislation chairman, assisted in the survey.

### Speaker

Mrs. Charles H. Gillman, program chairman, introduced Dr. Judson. In addition to his lecture, Dr. Judson talked about his many trips through Canada, South America and the Belgian Congo, the many spiritual experiences he had as a result and life-long friends he has made. Dr. Judson has been associated with Baptist Trinity for 28 years and has seen his congregation grow from 400 in 1939 to 1400 in 1967.

Mrs. William W. Greenway, club president, presided at the meeting and Mrs. Young arranged table decorations.

Among those at the head table were Mrs. Bruce McAubre, parliamentarian; Mrs. David Prior, immediate past president of Arcadia Juniors and third vice

president of Verdugo Metropolitan District Junior Section; Mrs. Strobel; Mrs. Anthony Piscitelli, district health chairman Junior Section and first vice president of Arcadia Juniors; Mrs. Robert Littler, district junior safety chairman and parliamentarian of Arcadia Juniors.

Other Junior club officers were Mmes. Ralph Jones, William Hadley, S. LeRoy Bradley, Norman Dondanville, Stephen Battaglia, John Knox, James McGregor, Lyle Weeks, Ronald Sevigny, federation secretary, Mrs. Young, coordinator, and Mrs. Hontos, and Mrs. Greenway.

### Prayer for the New Year

Lord, we thank Thee for this place in which we live.  
For the love that unites us;  
For the peace accorded us this day,  
For the hope with which we expect the morning.  
For the health, the work, the food,  
And the bright skies that make our lives delightful.  
For our friends in all parts of the earth  
Give us courage, gaiety, and the quiet mind.  
Spare to us our friends, soften to us our enemies.  
Bless us, if it may be, in all our innocent endeavors.  
If it may not, give us the strength  
To encounter that which is to come,  
That we may be brave in peril,  
Constant in tribulation, temperate in wrath,  
And in all changes of fortune  
And down to the gates of death,  
Loyal and loving one to another.

## Dollie Clare to Be One Of Club 'Author' Speakers

Miss Dollie Clare will be one of the authors presented at Meet the Author Luncheon, at the Ar-

cadia Woman's Club on January 25, at noon.

Miss Clare has resided in San Marino for 25 years but was born in the Rhondda Valley of South Wales. After Pentre Grammer School, she was a pupil at the Incorporated Society of Musicians, London, and took her A.V.C.M. at Victoria College in London. Since living in California she was secretary to the National Gymanfa Ganu Association for 1966. This is a singing festival to which people from all over the world attend.

Her book "That Mist of Grandeur" is dedicated to the memory of her mother and brother. Her brother, Dr. Thomas H. Clare, volunteered his services to his adopted country, America, at the outbreak of World War II. He was reported missing on an errand of mercy over the "Hump" in 1944. Their mother, Mrs. Sarah Ann Clare, decided to put into writing her full and useful life while waiting word of her son but passed on without knowing. This book is based on her memories, a warmly human tale, eloquently told with the folkways and humor of the Welsh.

## Club Program Has International Theme

Friendship and the Philippines, countries of two opposite climes, provided program interest for members of the Woman's Club of Arcadia last week.

The Club's International Affairs Department was in charge of program arrangements and presented Arcadia High School's two American Field Service foreign exchange students, along with Mrs. Anna Callas-Fruto, Vice-Consulate of the Republic of the Philippines, Consulate General's office in Los Angeles.

Student speakers were Miss Ellen Sinaguinan, here for the school year from the Philippines, and Miss Beryl Johannson from Finland, both students at Arcadia High School. Mrs. William C. Parquette, Sr., assisted by Mrs. Harry J. Schwarz, planned the program.

Miss Johannson, a guest at the Howard Dauer home, opened her talk with some views on "patriotism" then gave many interesting highlights of new native Finland — its government, climate, religion and education system.

Miss Sinaguinan, whose country is called the "Show Window of Democracy in the Far East," spoke of family life in the Philippines. Her home is 75 miles from Manila on the Island of Luzon, largest in the group. She is a house guest of the John Reuter family.

### History

Mrs. Callas-Fruto, a 1957 graduate of the University of the Philippines, told some of the history of her country, and its present day system of government. The Republic of the Philippines, she said, is the only country where Communism is outlawed. Their language has 87 dialects and there are many English words that cannot be translated; therefore English is still widely used. Spanish is spoken in social circles. The islands were discovered by Magellan and named for King Philip of Spain and it is the only Christian country in the Far East. Two patriotic holidays are celebrated, June 12, Independence Day, and July 4, Philippine-American Friendship day.

Mrs. Thomas Hiatt, student speaker chairman for the American Field Service, outlined the AFS program and goals and suggested to Woman's Club members that they investigate the possibility of sponsoring a student. She also explained that efforts are under way to find more

volunteer foster homes for students while they are here.

Dr. Burtis Taylor, superintendent of schools, explained the school tax override to be voted on soon.

A letter was read from the Arcadia Recreation and Parks Commission regarding a program initiated seven years ago whereby one individual and one organization were nominated for the annual National Recreation Association Award. Mrs. Ray Allen Young, Junior Coordinator, proposed that the club accept the recommendation of their board of directors to nominate the Junior Woman's Club of Arcadia for a 1967 award. Organizations honored in the past have been Arcadia Lions Club, twice; Arcadia Kiwanis, twice; Arcadia Assistance League, Arcadia Post 247, American Legion, and Arcadia Woman's Club.

Mrs. Michael Strobel Jr., president of Junior Woman's Club, asked for volunteers for the January 30 Mothers March of Dimes, which her club members are sponsoring here under the leadership of Mrs. Paul White, chairman.

### Dessert Bridge

Mrs. Edward G. Frank, ways and means chairman, announced plans for a Dessert Bridge and Silent Auction to be held January 31 at 12:30 at the clubhouse. The event is open to the public and ticket reservations may be made with Mrs. Charles Ganther, 447-2307.

Mrs. Richard Nestler, Federation secretary, announced the American National Red Cross, Pasadena Chapter, is making cakes for relatives of servicemen, as well as photographs and tapes, to be sent to the men. Inquiries may be made to the chapter 799-0841.

Members of the ways and means committee, headed by Mrs. Edward G. Frank, presented the luncheon. Assisting Mmes. Henry A. Sarwine, Bert W. Keller, William DeMuth, Charles L. Neuberg, Eugene C. Rothenberger, John A. Renshaw and Wallace R. Dressler.

Mrs. Leroy L. Blodgett, religious chairman, gave the opening prayer and Mrs. William W. Greenway presided. Mrs. Lois Merton, a prospective member, was a guest.

## Four speakers give talks at Arcadia Woman's Club

ARCADIA — When members of the Woman's Club of Arcadia met at their clubhouse, the International Affairs Department planned the program for the day under the direction of Mrs. William C. Parquette, Sr., assisted by Mrs. Harry J. Schwarz, program chairman of that department. The luncheon was planned and prepared by the members of the ways and means committee of which Mrs. Edward G. Frank is chairman.

Those assisting Mrs. Frank were Mrs. Henry A. Sarwine, Mrs. Robert W. Keller, Mrs. William DeMuth, Mrs. Charles L. Neuberg, Mrs. Eugene C. Rothenberger, Mrs. John A. Renshaw and Mrs. Wallace R. Dressler.

Mrs. Leroy L. Blodgett, religious chairman gave the opening prayer.

The program for the day featured several speakers, the first being Doctor Burtis Taylor, superintendent of schools who spoke to the membership regarding the school tax override.

Mrs. William C. Parquette, Sr., presented Mrs. Harry J. Schwartz who introduced Mrs. Thomas Hiatt, Student Speakers Chairman for the American Field Services, who told about the organization and explained that it was fashioned after the lines of the Ambulance Service of World War I, and that its goals were to further understanding through the teen age program of exchanging students.

The American Field Services has no political nor religious affiliation, it is purely a volunteer organization which has been most favorably received. Mrs. Hiatt suggested the membership that they investigate the possibility of having their own exchange student, and the financing of such a student while in this country. Mrs. Hiatt ended her talk to the group by way of telling them that efforts were underway to find more volunteer foster homes for students while they were here.

Mrs. Schwartz introduced the first of two Field Service Exchange students, Miss Beryl Johannson of Finland. Miss Johannson's stay in Arcadia is being arranged by the family of Mrs. Howard Dauer. Miss Johannson offered an extemporaneous question "Do You Think Patriotic is Old Fashioned?", as asked by the "Man on the Street" from a Pasadena newspaper. Those asked, answered, "Yes." Miss Johannson feels that this is not a young American's patriotic expression though they don't realize it as yet.

Upon completion of twelve years of education in Finland, this is equivalent to the senior year in this country. Miss Johannson is a senior at the Arcadia High School, and upon returning to Finland, she will have to repeat her senior year as the Finnish School System does not consider that she is carrying their equivalent of a full load of subjects.

The second student Miss Ellen Sinaguinan of the Republic of the Philippines referred to her country as "The Show

Window of Democracy in the Far East." Miss Sinaguinan's home is on the Island of Luzon, the largest island of the Philippine group. Her home is seventy five miles from Manila. Miss Sinaguinan gave a personal talk regarding her family and their life. While in Arcadia she is living with the family of Mr. and Mrs. John Reuter.

Following the talks given by Miss Johannson, and Miss Sinaguinan, Mrs. Anisia Callas-Fruto, vice consulate of the Republic of the Philippines spoke to the group on her life since graduation from the University of the Philippines in 1957. Mrs. Fruto stated that her people refer to themselves as our closest allies in Asia—and refer to themselves as Asiatic. Their language has 87 dialects, there are many English words that cannot be translated, therefore English is still widely used. Spanish is used in social circles. Mrs. Fruto pointed out that her country is situated between Democracy on one side, and Communism on the other side.

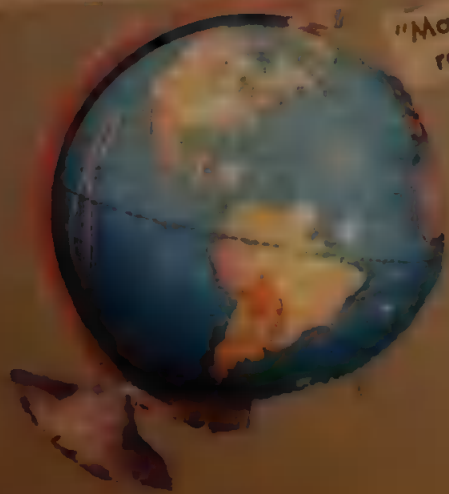

Following the guest speakers, Mrs. William F. Greenway, president asked Mrs. LeRoy S. ## 'Meet the Authors' lunch enjoyable event at club

ARCADIA — An exciting program was planned by the members of the Literature Department of the Woman's Club of Arcadia recently in the clubhouse, 324 South First Avenue, at 12 noon when three well known authors, Ethel Jacobson of Fullerton, Gracia Caines of Arcadia and Dollie Clare of San Marino were presented at a "Meet the Author" luncheon.

Mrs. Jacobson writes light verse in the best of tradition and her name has become a household word. She writes on almost every subject that she can have fun. She has contributed to all the better publications (Saturday Evening Post, 500 sales), for the past seven years has reviewed books for the Chicago Tribune and writes a Sunday book review for a local paper. She is director of the California Writer's Guild and a member of the Southern California Woman's Press Club. She has had three books published "Larks in My Hair," "Mice in the Ink," and her newest just out, "I'll Go Quietly."

Miss Clare was born in the Rhodda

Valley of South Wales, was educated in London but has called San Marino home for the past 25 years. In 1966, she was secretary to the National Gymanfa Ganu Association which is a singing festival held in Wales which people from all over the world attend. Her just published "That Mist of Grandeur" is based on her memories of her mother, a warmly human tale told with the folkways and humor of the Welch.

Mrs. Caines is a lecturer, writer, composer and musician of note. She has written comedies and the "Queens Waltz" which is sung to the Queen and her court at the annual Tournament of Roses dance.

"Guideposts" has published her articles and she writes a column, "Kane Brakes" which is carried by Valley newspapers.

These three women have enjoyed success and are interesting and outstanding. They personally autographed copies of their books which were available at the luncheon.

## Literature Section to Present Club Program

The Literature Department of the Woman's Club of Arcadia will be honored and also present the program at Wednesday's luncheon meeting of the club. Mrs. Archie Wilson, department chairman, announces that Mrs. M. Dozier will review Adella Roger St. John's book, "Tell No Man."

Mrs. Dozier is a native of Newburg, Oregon. Her early school years were spent in Indiana and she attended high school and college in Whittier. In college Mrs. Dozier majored in English and sang in the glee club. She said, "I certainly had no voice but the club was so small they had to take me. Also, I did what we then called 'readings,' was interested in dramatics and helped with the so-called stunts."

The Doziers moved to Pasadena in 1940 expecting to stay six months, but liked it so well they simply stayed. Mrs. Dozier served as president of the United Church Women of Pasadena and on the state and national boards of the United Church Women's Organization. Mrs. Dozier, who was the founder and president of the Pasadena Interracial Women's Club, was honored recently by 300 members as they celebrated their two anniversary.

It was after hearing a lecture predicting some of the racial problems that had recently arisen that Anna Dozier told herself, "here you have had an idea but you haven't done anything about it. Now is the time to get busy." The organization was well planned, with a beginning group of interested women inviting women of various races to be their guests. It grew from 60 members to 300. "Many people have remarked that there is something special about our club, a sort of plus quality. I've tried to analyze it and I think what it really is can be traced to the fact that every member attends with the will to understand. They come without prejudices or other feelings but simply wanting to get acquainted, to really know each other and do things together," says Mrs. Dozier.

Among things she likes to do she lists giving book reviews, sewing, cooking and flower arranging.

This promises to be an interesting meeting. Members are requested to make their reservations for the 11:30 luncheon preceding the program with Mrs. Desmond Swoger, 447-7859 or Lloyd L. Carl, 355-6616 by 6 p.m. Monday.

## Bonsai to Be Garden Troup Topic

The ancient art of Bonsai culture will be the topic of Wednesday's meeting of the Garden and Beautification Department of Arcadia Woman's Club.

Meeting at 10:30 a.m. at the clubhouse, with chairman Mrs. Charles Gantner presiding, members will hear about Bonsai from guest speaker Charles G. Legg.

Mr. Legg has been interested in Bonsai culture for more than 10 years. He received his training at UCLA and also with prominent exponents of the Japanese art. He will show samples of the plants in all stages of development.

With the increase of apartment living, it has become necessary for people who love gardening to engage in the culture of smaller plants which can be utilized in limited space. There are many apartment dwellers now learning the culture of Bonsai.

All club members are welcome to attend the meeting. Coffee will be served and those attending are to bring their own luncheon sandwiches.

## Rosemary Scott honored by Arcadia Club section

ARCADIA—At the recent meeting of the Women's Club of Arcadia a portion of the program was devoted to the "Status of Women" division. The meeting was geared to honor one of the Outstanding Women of the Year in Arcadia.

Mrs. Harry Lauber, Status of Women chairman, spoke briefly about the lack of leadership and general apathy of women in all walks of life. She commented that the status of women in some areas was going backward instead of forward. It took 72 years to get the right to vote and women should not take these opportunities lightly, she observed.

Mrs. Lauber further commented that because of these thoughts it was so refreshing to meet, and know, and to now honor Rosemary Scott, the first woman president of Arcadia Board of Realtors, and a woman vitally interested in all phases of community endeavor.

Rosemary Scott entered the real estate profession in 1952, after many years in the field of merchandising where she owned and operated her own ladies' and children's store in Kansas.

After coming to California she became an associate broker for a leading local real estate office in Arcadia. She was there for eleven years prior to opening

her own office at 125 E. Duarte Road, approximately five years ago.

Her large office staff is unique in that it is composed of all women associates.

During the past eight years Miss Scott has served on the Arcadia Board of Realtors' governing board as treasurer, secretary, multiple listing chairman and director and is now the first woman president of the board for 1967.

She has served two years as a state director of the California Real Estate Association. Other activities include past president of the Arcadia Chapter of the Women's Council of National Association of Real Estate Boards for 1963; past president of the Soroptimist Club of Arcadia and currently as a director on the board of that organization. She is a member of the Toastmistress Club of Arcadia, member of the Alpha Epsilon Unit of Parliamentarians; the Chamber of Commerce serving on the Land Use and Zoning committees and also active in the Women's Division of the Chamber representing the women of the legislative committee of the parent Chamber.

Throughout the years she has maintained interests in two ladies' and children's shops in La Jolla and Costa Mesa, but devotes full time to the real estate business and its activities.

Entrance ways into Arcadia Drive and Michillinda, will supplement existing planters. Standing six feet high and measuring 15 feet in width, the structures will be constructed of dark slate on which cast bronze emblems of the various organizations will be hung.

In a move for further city beautification the City Council Tuesday night gave the green light to the Club to move ahead with plans for the structures.

The two structures, to be located at Fifth Avenue and Huntington Drive and at Huntington

Drive and Michillinda, will supplement existing planters.

Standing six feet high and measuring 15 feet in width, the structures will be constructed of dark slate on which cast bronze emblems of the various organizations will be hung.

Mrs. Harry Lauber, past president of the Club and presently on the Arcadia Planning Commission, as chairman of the club's Community Improvement Committee, made the presentation before the Council.

John Mill, member of the firm of Beckhart and Mill, Architects, who designed the original entry stones, has donated his time and talent in working on the project.

Cost of the structures will be about \$1,000 for both with the emblems costing approximately \$150 apiece. Cost of the structures would be borne by participating organizations.

Mrs. Lauber stressed that the additions would be a vast improvement over other communities that display their organiza-

tional emblems on sign posts. In presenting the plans to the Council Tuesday night, Mrs. Lauber said the project represented two years of effort.

She cited Planning Director William Phelps and Public Works Director C. E. Lortz for their cooperation on the project.

National civic, service and fraternal clubs will be invited to participate in sharing the costs of the structures and in displaying their emblem.

# Big Gains Made by Juniors During Club Year of 'Giving'

"To Give is to Gain"—theme of the year for Arcadia Junior Woman's Club President Mrs. Mike Strobel — was proven as fact last week as club members summarized their actions for the year, balancing their giving of time, talent and effort against a long list of achievements.

Fund-raising projects, which required hours of hard work, imagination and dedication, gained more than their fair share of satisfaction for the membership, which, by the way, grew from 35 to 46 during the season.

At least 15 organizations "gained" financially from club efforts, and many more also received support through service and gifts.

## Fund Raising

Primary fund-raising of the year was the sale of recipe boxes, a project directed by the ways and means chairman. Funds were also netted from the sale of a freezer and set of luggage, loot won by the club on "Let's Make a Deal" television program.

For the second consecutive year the Juniors undertook the March in Arcadia for National Foundation of March of Dimes, collecting more than \$2000. Directing the project was Mrs. Paul White, club health chairman and city chairman for March of Dimes.

## Gifts

Cash gifts were presented to Epilepsy Thrift Shop, Pediatrics Ward of City of Hope, a needy Arcadia family through White Christmas, Cerebral Palsy Foundation, the Chaplain Service Corporation, Cub Pack 121; Campership Fund; Dollars for Scholars Fund; Miss Teenage Citizen winner; Penny Art Fund toward scholarship for Hallmark Art contest for high school students; The Gringos, musical combo of high school students; San Gabriel Valley Retarded Children's Association; Monrovia Training Center; Summer Work-Study program to encourage young men and women to take active interest in problems of mental illness.

There were gifts and services for many, including aquarium to California Home for Aged Deaf in Arcadia, which the club adopted as "Secret Pals."

Assistance was given Arcadia Recreation Department in registering children for summer camp, judging doll and pet shows, balloon contest and other events, as well as in the stag-

ing informed. Among studies were a tour of Cancer Detection Center in Los Angeles; talks by League of Women Voter speakers on political issues; information on school tax issues.

## Services

Civic services included distribution of literature on epileptic seizures and gifts of used clothing and bric-a-brac for the Epilepsy Thrift Shop; setting up Health Week display and making pamphlets available; assisting County Pound Department with annual rabies clinic (605 dogs were processed); pedestrian and bicycle safety program for schools; publication of helpful hints on safety and fire prevention, and others.

## Keeping Informed

Neither did club members neglect their own education as they spent many hours becom-

ing informed. Among studies were a tour of Cancer Detection Center in Los Angeles; talks by League of Women Voter speakers on political issues; information on school tax issues.

They adopted Lamb's Cottage for the third year, refurbishing the playroom, making clothing for the girls, giving parties for them, conducting Easter shopping excursions and providing special eyeglasses for one girl. The philanthropy chairman took part in "project friend" being a companion to a five-year-old girl who had no parents or visitors.

Among "gains" for the members also were several social events throughout the year. There was a come-as-you-are brunch, a gala holiday dinner dance, a festive dinner honoring husbands, costume parties, and luncheons.

## Junior Women Compile List of Safety Rules

The following safety rules were presented to members of the Arcadia Junior Woman's Club by Safety Chairman Mrs. David Prior. "With the approach of spring and summer it is important to read these rules and make your family aware of them," said Mrs. Prior.

She suggests placing the rules for using cleansers in the cupboard where you keep your cleaning products. Place the mountain safety rules with your camping or hiking equipment so they are available for quick reference and constant reminder.

### Spring and Cleaning Go Together, But Some Chemicals Don't

There are some definite hazards to spring cleaning. There may be serious consequences when two or more cleaning agents are mixed. Poisonous gas may be the result. If the gases are inhaled, there can be serious injury and possible death.

Cleaning products for use in homes are made in several forms (solids, cakes, granulars, powders, liquids and spray liquids which are finely sprayed by gas pressure). They are made to do specific cleaning tasks and general cleaning. Mixing is useless and unnecessary and may destroy the cleansing power you want.

Here are some good rules to make part of your personal way of life and which are important to include in teaching young and old: 1. Follow manufacturers directions on the label. 2. Store bleaches and cleaning agents separately so they can't be confused. 3. Keep all household chemicals well labeled and out of the reach of children. 4. Don't mix chlorine bleach with any other cleaning agent such as: toilet-bowl cleaner, ammonia, lye, rust remover, vinegar or oven cleaner.

### Mountain Safety Depends on Rules

During the past several years, a number of small children have vanished in the mountain areas surrounding Los Angeles, and scores of other hunters, campers, and hikers have been seriously injured as a result of their

failure to heed the basic safety rules of hiking in remote or mountainous areas, according to the County of Los Angeles, Sheriff's Department.

The Basic Hiking Rules to Follow are: 1. When you arrive, make the Ranger in the area aware of your presence, and your general plans. 2. Group leaders must maintain contact with and keep constant count on all group members. 3. Each member of the group should be alerted to the dangers of the area (slides, cliffs, snakes, etc.). 4. Go prepared. Wear adequate clothing, shoes and carry extras. Include flashlight and rain gear. 5. Stay on the trails, and obey the posted signs. 6. Use the "triple-buddy system": If one person is injured another will be able to go for aid, while the third remains with the injured person. 7. If you should get lost, keep a clear head: Stop, and try to determine where you are. Don't wander. When you do travel, go downhill, follow streams, make your way to a clearing where you may be seen from the air.

A fashion show, luncheon and bridge will highlight the event of the Women's Club of Arcadia this month. To be held at the clubhouse, 324 South First Avenue, March 29 at 11:30 a.m.

Mrs. Edward Frank is chairman of the event which promises to be an interesting show. Mrs. John Hontos will commentate. Mrs. Charles Gillmann is helping to coordinate the models and the clothes from the Golden Needle Knit Shop.

Models, from the Woman's Club and their Junior membership, are Mmes. Gerry Grater, Mike Strobel, Richard Nestler, Robert Gray, Michael Erickson, Frederic Campbell; and Mmes. Bruce McAbery and Robert Littler modeling their own hand knits.

Planning the luncheon menu is Mrs. Joseph Parnham with assistance from Mmes. Robert Keller, Elmus Ely, and Cyrus Little.

Mrs. L. G. Vollintine is publicity chairman. The ways and means committee will arrange spring floral decorations for the bridge tables and bridge prizes. The club membership is donating door prizes. Mmes. William Greenway (president) and Robert Lane will greet guests at the door.

The day promises to be fun for any woman who admires the feminine and graceful lines of hand knit fashions. Reservations may be made before March 27 by calling Mrs. Charles Ganther, 447-2307.

## Arcadia Club Juniors give fun social

ARCADIA—The Arcadia Junior Woman's Club recently held a fun social where members wore any type of hunter or pirate costume and went on a treasure hunt.

Sixty people, members and their husbands, met at the clubhouse, where they drew maps leading them to one of two unidentified homes for cocktails and hors d'oeuvres.

As they were leaving the cocktail hour, guests drew a list of clues leading them to one of three unidentified homes for dinner.

Following a delicious lasagne dinner, guests were given a map and clues which lead them to a decorated hall where all enjoyed dancing and trying to guess "who is that hunter and what is he hunting."

## Safety rules for all

ARCADIA—The following safety rules were presented to members of the Arcadia Junior Woman's Club by safety chairman, Mrs. David Prior. With the approach of spring and summer it is important to read these rules and make your family aware of them, said Mrs. Prior.

Mrs. Prior suggests placing the rules for using cleaners in the cupboard where you keep your cleaning products. Place the mountain safety rules with your camping or hiking equipment so they are available for quick reference and constant reminder.

There are some definite hazards to spring cleaning. There may be serious consequences when two or more cleaning agents are mixed. Poisonous gas may be the result. If the gases are inhaled, there can be serious injury and possible death.

Cleaning products for use in homes are made in several forms (solids, cakes, granulars, powders, liquids and spray liquids which are finely sprayed by gas pressure). They are made to do specific cleaning tasks and general cleaning. Mixing is useless and unnecessary and may destroy the cleaning power you want.

Here are some good rules to make part of your personal way of life and which are important in teaching young and old.

Follow manufacturers directions on the label.

Store bleaches and cleaning agents separately so they can't be confused.

Keep all household chemicals well labeled and out of the reach of children.

Don't mix chlorine bleach with any other cleaning agent such as: toilet-bowl cleaner, ammonia, lye, rust remover, vinegar or oven cleaner.

During the past several years, a number of small children have vanished in the mountain areas surrounding Los Angeles, and scores of other hunters, campers, and hikers have been seriously injured as a result of their failure to heed the basic safety rules of hiking in remote or mountainous areas, according to the County of Los Angeles, Sheriff's Department.

The basic hiking rules to follow are:

When you arrive, make the Ranger in the area aware of your presence, and your general plans.

Group leaders must maintain contact with and keep constant count of all group members.

Each member of the group should be alerted to the dangers of the area (slides, cliffs, snakes, etc.).

Go prepared. Wear adequate clothing, shoes and carry extras. Include flashlights and rain gear.

Stay on the trails, and obey the posted signs.

Use the "triple-buddy system." If one person is injured another will be able to go for aid, while the third remains with the injured person.

If you should get lost, keep a clear head. Stop, and try to determine where you are. Don't wander. When you do travel, go downhill, follow streams, make your way to a clearing where you may be seen from the air.

## Woman's Club Closes Year Of Success

The 1966-67 season of the Woman's Club of Arcadia, under the leadership of Mrs. William W. Greenway, is drawing to a close but it will be remembered for the accomplishments of its entire membership.

Because this is a Federated club its many faceted program is one that originates at the General Federation level which has its headquarters in Washington D.C. Each club is encouraged to pursue those programs of philanthropy and culture which best meet the needs of its own community as well as those in which the members have a special interest elsewhere in the world.

Each club is a part of a district which in turn makes up a State Federated Woman's Club Organization. The Federated clubs from each state, together with those which have combined to form separate organizations in many foreign countries make up the General Federation of Women's Clubs. Each District and State or Country holds its own annual convention each year. There is also an annual General Convention which will be held in California this year at the San Francisco Hilton. The various clubs, departments and individuals receive recognition for their effort during the preceding year. Awards are given to them on a competitive basis.

### First Place

This year Mrs. Douglas Schinke won, for the Woman's Club of Arcadia, a First Place Award for her report on Art Achievement at the California State Convention held at the El Cortez Hotel in San Diego. This award was a lovely oil painting by H. Bullen. Mrs. Schinke also won a First Place Award as Art Chairman at the Verdugo District Convention at the Statler Hilton in Los Angeles.

Among the many other awards received at the district convention was a Federation Extension trophy. This award is a result of the combined effort of all the members in the Woman's Club of Arcadia. It was given for extending the scope of endeavor in furthering the Federation goals, which in turn are designed to lend a helping hand for mankind everywhere. Mrs. Richard Nestler received a Federation Charm for her part in this effort. She also received a First Place Award as Federation secretary and a Second Place Award for her work as Dean of Chairmen.

Mrs. William Greenway won First Place Awards for her President's Reports, Procedure Books, Leadership Development, Scholarship and Safety Reports and a Second Place Award in Community Service as well as a District 100% Attendance Pin.

### Sweepstakes

Mrs. Jayne Childrey, Law Enforcement, Crime Prevention and Narcotics chairman, received a Sweepstakes Award in addition to receiving First in this area of achievement. She also won a First Place Award for her efforts as National Defense and Savings Bonds chairman.

Mrs. Michael Erickson also showed her versatility in receiving awards in two different areas. She received Sweepstakes and First Place Awards for the Music Department, this being the second consecutive year this department received this coveted recognition, and a Second Place Award as Citizenship chairman.

The chairmen of Children and Youth, Mrs. John O. Hontes; Crafts, Mrs. John LeNoir; Religion, Mrs. Leroy Blodgett, and Status of Women, Mrs. Harry Lauber, also received First Place Awards.

### Awards

Second Place Awards went to the following officers and chairmen: Arcadia Junior Woman's Club Coordinator, Mrs. Ray Allen Young; Historian, Mrs. Richard Nuthmann; California History, Landmarks and Cultural Heritage, also Gardens and Beautification, Mrs. Charles Ganther; Literature, Mrs. Archie Wilson; International Affairs, Mrs. William Parquette; and Libraries, Mrs. Bruce McAbery. A Second Place Award was also presented to Mrs. McAbery for Creative Writing in the "Essay" Classification and a numeral five designating her years of service at the district level. Mrs. Alby Foy received the numeral 11 for her years of service to Verdugo District.

Mrs. William J. O'Neill won a Third Place Award as Armed Forces and Veterans chairman.

Mrs. Eugene Rothenberger received a certificate for 100 per cent attendance for the District's Activities for club vice presidents.

Because the object of the Woman's Club of Arcadia is "Intellectual Improvement, Civic Enjoyment and Philanthropy," it is a program of enrichment combined with giving rather than receiving, which has been accentuated by the motto that Mrs. Greenway had chosen at the beginning of this year: "Let Us Not Forget To Be Kind."

EVEN THE WALL IS FILLED with Second Place Award Certificates for the Woman's Club of Arcadia. Shown here are Mmes.

Eugene Rothenberger, Bruce McAbery, Richard Nestler, Charles Ganther, William Parquette and Michael Erickson, from left.

**STEVE KRAEMER**, graduating senior at Arcadia High School, was presented with an award by the Music Department of the Woman's Club to help him in his musical education. Mrs. Michael Erickson, chairman, is giving him the award at a recent club meeting.

### Discovery

When I was a child, I thought  
that joy  
Was a holiday or a bright new toy,  
But when I was grown I found,  
instead,  
That joy was the vow my true love  
said.  
Yet oh, I was neither right nor  
wrong—  
For joy may be a bobolink's song,  
Or a kitten's unrehearsed ballet,  
Or a glow in hearts at the end  
of day,  
Or break with the morning, pure,  
starlit.  
Joy wears the garb we make for it.

Keep us, O God, from pettiness; let us be large in thought, in word, in deed.

Let us be done with fault-finding and leave off self-seeking.

May we put away all pretense and meet each other face to face—without self-pity and without prejudice.

May we never be hasty in judgment and always generous.

Let us take time for all things; make us grow calm, serene, gentle.

Teach us to put into action our better impulses, straightforward and unafraid.

Grant that we may realize it is the little things that create differences; that in the big things of life we are as one.

And may we strive to touch and to know the great, common, woman's heart of us all, and O Lord God, let us forget not to be kind!

#### For the Flyleaf of a Bible

Here are stored the seeds of thought  
Men have loved and planted  
In the lore of centuries,  
Various slanted,  
Here are truths as old as time,  
Yet new for every season.  
Here the searching heart may find,  
Written plain, the reason.
